

# Making a friendship bracelet

## Simple bracelet (forward knots)

- Choose colours for your bracelet
- You will need 4 strings
- The length of each string should be around 70-80cm (90cm for adult)
- Each can have a different colour or they can all be the same or half and half etc
- Align strings and make a knot on them, leaving a few cm long tail at the top
- Attach strings to the table with tape or pin it somewhere stable with a safety pin

We will be using forward knots - each knot has two stitches (half-knots)
